

# THE WHITEWEED CAMPAIGN

**Whiteweed is a problem  
for everyone**

**Invades land**

**Can harm livestock if eaten**

**The pollen can trigger asthma  
attacks**

**Reduces biodiversity**

## JOIN THE CONTROL OF THIS NOXIOUS WEED

- **Pull up small plants, and cut down larger plants**
- **Use herbicides, Roundup or Garlon:**
  - ⇒ **Foliar spray**
  - ⇒ **Cut and treat the stump**

**Mulch the green waste on the ground in a thick  
carpet to smother seeds**

**Don't let it flower!**

**Start in September and repeat every 3 to 4 months.**

For advice call Pest Control at ANRD  
on 24724.

Always follow the label  
when using herbicides
