Proposed increase in utilities tariffs by Connect St Helena Ltd

Further to your letter of 25 June and Linda Glanville's acknowledgement on the same date, I understand that Paul Hickling will be accepting the Group's petition on behalf of the Utilities Regulatory Authority on Saturday. The Police Directorate have advised that, it would be in the best interests of public safety, if the acceptance of the petition takes place in my office at the Castle. Mr Hickling and I have accepted this advice. I will therefore be available in my office between 12.30 and 1pm to witness the presentation and Mr Hickling to accept it.

I would like to emphasise that the Regulatory Authority is an independent body, independent of Government and Connect, so my attendance is no more than as a witness. It should not be construed as implying the Governor or the St Helena Government can influence the Authority's decisions.

Yours sincerely

Lisa Honan
Governor
