(2) No immigrant, other than a dependant of a person who has St Helenian status, may lawfully work in St Helena unless his or her presence in St Helena is authorised by an entry permit (or the person is not required to have an entry permit by virtue of his or her falling within section 17(1)(c) or 17(2)(c)) and his or her employment being authorised—

- (a) in the case of a person doing work on a self-employed basis (either alone or in partnership) - by a work permit issued under section 24;

- (b) that he is employed on a self employed basis,

as the case may be.

Work permits

24. (1) An application for a work permit must be made to the Board in the approved form, and the Board may require the applicant to provide additional information, or to provide evidence to substantiate any information provided, to enable the Board to be satisfied as to the matters listed in subsection (2).

- (2) If the Board, having regard to—
- (a) the condition of the local labour market generally; and
 - (b) any special skills or experience of the applicant relevant to the work to be undertaken,

is satisfied that it would not be against the public interest to do so, it must (subject to any regulations made under section 43(1)) grant a work permit to the applicant for such period (subject to subsection (5)) not exceeding 5 years as it determines.

- (3) Section 22 applies to a work permit as it applies to an entry permit.

- (4) Any permit granted under this section ceases to be valid if the holder—

 - (b) ceases to be the holder of a valid entry permit or, having been exempt from the requirement to have an entry permit, ceases to be so exempt.

(5) The Governor in Council may, in exceptional circumstances, authorise the Board to grant a work permit for a period exceeding 5 years that the Governor in Council determines.

 - (c) a condition that the holder of the permit must immediately inform the Secretary of any change in his or her circumstances; and
 - (d) any other conditions the Board in its discretion sees fit to impose.

(7) At any time not exceeding 3 months before the expiry of a work permit, the person to whom it was granted may apply to the Board for renewal of the permit and the Board (after such enquiries in the matter as it thinks fit to make) must renew the permit for a period not exceeding 5 years), unless the Board is satisfied that circumstances have changed since the permit was granted or last renewed in such a way that it would be contrary to the public interest to renew the permit.

Immigrant employment certificate

25. (1) An application for an immigrant employment certificate may be made by any person engaged in any trade, profession or vocation in St Helena who wishes to employ one or more immigrants in that business, and must be made to the Board in the approved form.

(2) The Board may require the applicant to provide additional information, or to provide evidence to substantiate any information provided, in order to satisfy itself as to the matters listed in subsection (3).

- (3) If the Board, having regard to—
- (a) the condition of the local labour market generally and the extent of any specialist skills or experience which the prospective employer seeks to recruit; and
 - (b) the arrangements made or proposed to be made by the employer in relation to—

- (i) living accommodation, health and welfare of immigrant employees; and
- (ii) repatriation of each employee (and any dependants) on completion of the period of employment,

is satisfied that it would not be against the public interest to do so, the Board must (subject to any regulations made under section 43(1)) grant an immigrant employment certificate.

- (4) Every immigrant employment certificate issued must specify—
- (a) the name of the employer and the period (which must not exceed 5 years) of its operation;
 - (b) the nature of the work in which the employer may employ immigrants;
 - (c) the number of immigrants that may be employed;
 - (d) any other conditions the Board in its discretion sees fit to impose.

Effect of non-compliance with conditions

- (2) The Board may revoke a work permit or an immigrant employment certificate—
- (a) if it is satisfied that the holder has failed to do anything which, in or in connection with his or her application for the permit), the holder undertook to do; or

1. These Regulations may be cited as the Immigration (Landholding) Regulations, 2012, and come into force on 1st May 2012.

Application for a landholding licence

2. (1) Every application for a licence under Part 6 of the Ordinance must be in the form set out in Schedule 1, and be delivered to the Secretary to the Board together with the relevant fee.

(2) Upon receiving an application, the Secretary must—

- (a) cause notice thereof to be published in the *Gazette*, and in any other way required by policy guidance issued under section 42 of the Ordinance, stating that any person may submit comments or objections to the Secretary within 14 days of the date of publication of the notice;
- (b) send a copy of the application to the Registrar of Lands, requesting a report as to whether or not the information given in the application is consistent with the information held in the Land Register; and
- (c) send a copy of the application to the Chief Immigration Officer, requesting a report as to whether or not any information given in the application about the applicant visiting, or being in, St Helena is consistent with immigration records.

(3) The Registrar of Lands and the Chief Immigration Officer must each provide a report to the Secretary within 14 days from the date on which the request was received.

Applicant to have opportunity to comment on objections

3. (1) If the Secretary receives comments upon, or objections to, the application, the applicant must be given an opportunity to comment on them.

(2) For the purposes of sub-regulation (1), it is sufficient if the applicant is informed of the general nature of each comment or objection, without being told the identity of the commentator or objector, and invited to submit any comments on it (in writing) within 7 days.

Decisions to be made promptly

4. (1) The Board must make a decision on each application within 42 days of the date on which it was delivered to the Secretary.

(2) If the application was incomplete in any material way, or was not accompanied by the fee, the period specified in paragraph (1) runs from the date on which the deficiency was fully rectified.

(3) This regulation does not prevent the Board from seeking additional information from the applicant or other persons and delaying a decision until such information has been supplied.

Form of licence, and conditions

5. (1) Every licence must be in the form appearing in Schedule 2.

(2) The Board, when granting a licence, may grant it unconditionally or subject to any conditions that appear to the Board to be necessary or desirable to secure that the acquisition of the land by an immigrant is not contrary to the public interest.

(3) Notwithstanding the generality of sub-regulation (2), conditions may not relate to matters which are not matters to be taken into consideration either under the Ordinance or under policy guidance issued pursuant to section 34(4) of the Ordinance.

Fees

6. There are payable in respect of the several matters listed in the first column of Schedule 3 the fees respectively specified in the second column of that Schedule.

Transitional provisions

7. Following the repeal on 1st May 2012 of the remaining provisions of the Immigration Control Ordinance, 2008 by the Immigration Ordinance, 2011, any application received under section 28 of the former Ordinance on or before 30th April 2012, which—

2) Under the Land Development Control Plan, St Helena is divided into 3 zones for the purpose of regulating land use and development; these are;

Green Heartland:

Some strictly controlled tourism development is allowed and some existing or derelict dwellings can be rebuilt and extended. Development necessary for agriculture and forestry may also be permitted. In summary:-

- In principle, built development is discouraged in the Green Heartland
- Traditional houses and cottages which have fallen in to disrepair may be carefully restored without damaging the visual quality of the area.
- Extensions are controlled to prevent erosion of the area's character

Coastal Zone

Extensive tourism development is encouraged, as well as some housing development provided that, in both cases, the sites for development are carefully chosen to maintain the natural character of the landscape. Development must be in hollows and valleys not on ridges or exposed slopes and the layout and design of buildings must respect their natural setting. Agricultural development may be permitted and agricultural land is strictly protected from other development.

Intermediate Zone

All types of development are normally permitted providing it is in accordance with good planning principles. New buildings must be sited and planned so that they relate properly to each other and to existing buildings both in appearance and use. There is an emphasis on working with natural levels rather than creating flat sites by large excavations and emphasis on planting to blend development into the landscape. Agricultural development is normally allowed and agricultural land is strictly protected from other development.

3) A presumption in favour of development does not mean that developments will always be permitted and such development will always be subject to planning policies to achieve acceptable standards.

4) It is a criminal offence to give false information.
