Introduction

On 26 June 2018, the St Helena Investment Policy was approved by ExCo, which is an updated version of the 2011 policy to align with the current Sustainable Economic Development Plan (SEDP) 2018-28.

St Helena Government's (SHG's) Code of Practice for Public Accounts to SHG information, launched in September 2014, continues to work well. This system offers a central point of enquiring for the public to request information from SHG that is not already available by other means.

On 20 June 2018, SHG signed a financing agreement for the territorial allocation of 11th EDF, as a result €21.5 million was released to St Helena to support the delivery of the SHG Digital Strategy.

For this report information has **not** been provided for all areas.

A delay in receiving confirmation of the financial aid settlement meant that a balanced budget could not be agreed in readiness for the start of the 2018/19 financial year. A Rollover budget, which is effectively to carry forward the previous years budget for four months was agreed by Legislative Council on 23 March 2018 to ensure that public services continued to be delivered during this period.

The Consolidated Fund Budget Report reflects a deficit of (£0.4m) for the period in comparison to a budget deficit of (£0.2m).

Budgeted revenue for the year to date was £9.1m, compared to actual revenue for the year to date of £8.4m.

Budgeted expenditure for the year to date was £9.3m. Actual expenditure for the same period was £8.8m. This represents an under spend of £0.5m, which is a favourable variance of 5.5% against the expenditure budget for the period.

Key Revenue and Expenditure Variances

The Analysis of Revenue Report **(3.0)** provides an analysis of actual and budgeted revenues by revenue stream. Brief comments on significant variances are provided below.

The Consolidated Fund Budget Report **(2.0)** provides an analysis of actual and budgeted expenditure by the appropriated Head of Expenditure.
