- (a) any dwelling which is owned by an individual (or by 2 individuals who are spouses or life partners) to the extent it is regarded by the owner or owners as his or her or their principal place of residence in St Helena: but—
 - (i) a person may not claim more than one such property at any one time; and

(2) Regulations made under section 81 may prescribe—

- (a) types of transactions or events which are not to be regarded as acquisitions or disposals for the purposes of this Chapter (and may make provision for ascertaining liability for tax on the happening of the next event, after such a transaction or event, which constitutes a disposal or an acquisition);
- (b) circumstances in which a dwelling may or may not be regarded as a principal place of residence for the purposes of subsection (1)(a).

Taxable income from gains

30. (1) Subject to subsection (2), the taxable income under this Chapter comprises a person’s gains arising from the disposal of any asset.

- (2)** In the case of an individual, an amount of £2,000 (or any other amount approved

from time to time by resolution of the Legislative Council) of any gains derived during a tax year is exempt and must not be included as taxable income under section 8(d) for that year. Any amount approved by Legislative Council must be incorporated in this section as soon as possible after such resolution is made.

Calculation of gain or loss

31. (1) Subject to subsection (2), if a person disposes of an asset to which this Chapter applies—

- (a) a gain arises if the disposal price exceeds the acquisition value or the adjusted acquisition value (as the case may be) at the date of disposal;
- (b) a loss arises if the acquisition value or the adjusted acquisition value (as the case may be) at the date of disposition exceeds the disposal price;
- (c) a loss must be deducted from a capital gain that arises in the same tax year;
- (d) if the loss cannot be fully deducted from a gain that arises in the same tax year, so much of the loss as was not so deducted must be carried forward to the following year and is deemed to be a capital loss that was incurred in that following year; and
- (e) a loss calculated in accordance with this Chapter must not be deducted from any other taxable income to which Chapter III or IV applies.

(2) For the purpose of calculating any gain or loss in accordance with subsection (1)(a) or (b) in respect of an asset acquired before 1st April 2010—

- (a) the acquisition value of the asset is to be an amount that, in the opinion of the Commissioner, represents a fair market value of the asset at 1st April 2010; or
- (b) if where the original acquisition value is known and the gain or loss can be calculated based on that original acquisition value, the person who disposed of the asset may elect that the gain or loss is to be adjusted by a factor calculated in accordance with the formula:

$$\frac{A}{B}$$

where:

- A is the period of ownership in months after 1st April 2010; and
- B is the total period of ownership in months.

(3) If an asset to which this section applies at any time during the period of ownership of the seller constituted a dwelling as referred to in section 29(1)(a), the gain or loss calculated under subsection (1)(a) or (b) (and adjusted under subsection (2) if applicable) must be adjusted further by a factor calculated in accordance with the formula:

$$\frac{C}{D}$$

where:

- C is the period of ownership in months that the dwelling was owned by the seller after 1st April 2010 otherwise than as the seller's primary residence; and
- D is the total period of ownership in months after 1st April 2010.

Disposal price and acquisition value

32. (1) If a person disposes of any asset, the consideration received or receivable (including any insurance recovery for loss or destruction) is—

- (a) the disposal price for the person from whom ownership of the asset passes; and

(b) the acquisition value for the person acquiring the asset.

(2) Other than when the disposal arises through the loss or destruction of an asset, if there is no consideration received or receivable, or the Commissioner is of the opinion that the consideration does not reflect a fair market value between persons dealing with each other at arm's length, the disposal and acquisition price for the purpose of this paragraph must be determined by the Commissioner.

(3) If ownership of an asset arises otherwise than by the disposal by another person, or if section 35 applies, the acquisition value is the net cost and expense incurred by that person (including the cost of labour and materials) in bringing the asset into existence.

(4) If the acquisition value of an asset is denominated in one currency (whether legal currency of St Helena or any foreign currency) and the disposal price of the asset is denominated in a different currency, the amount of the acquisition value or disposal price, whichever is denominated in any foreign currency, must be translated to the legal currency of St Helena at the exchange rate applicable at the time that the asset was so acquired or disposed of in foreign currency, as the case may be.

(5) For purposes of subsection (4), the exchange rate must be determined with reference to such source as is decided by the Commissioner.

Calculation of adjusted acquisition value

33. The adjusted acquisition value must be determined on the date of disposal of an asset by—

- (a) adding the inputs incurred from the date of acquisition to the date of disposal to the acquisition value; and
- (b) deducting all the outtakes from the date of acquisition to the date of disposal.

Bankruptcy

34. (1) If an asset owned by any person is vested in—

- (a) the official receiver in bankruptcy or the holder of a similar office in a foreign country as a result of the bankruptcy of that person;
- (b) a trustee for the benefit of creditors of that person pursuant to any deed of settlement; or
- (c) a liquidator of a person being a corporation,

this Chapter applies as if the asset continued to be owned by that person and any act done in relation to the asset by the person in whom it is vested were the act of the owner before vesting.

(2) Any tax payable by virtue of this Chapter upon the disposal of an asset by the person in whom it became vested is a debt provable in the bankruptcy or liquidation of that person, and if the Commissioner is a party to any deed of settlement for the benefit of the creditors, is a debt provable under that deed, unless the deed otherwise provides.

Roll over relief

35. (1) If an asset owned by any person is—

- (a) vested in a beneficiary of a deceased estate because of the death of that person; or

(b) transferred to a spouse or life partner,
for the purpose of calculating liability to tax and the amount of a capital gain or loss of any person referred to in paragraph (a) and (b), this Chapter applies as if the asset continued to be owned by the person who owned the asset immediately before the vesting or transfer and any act done in relation to the asset by the beneficiary, spouse or life partner were the act of the owner before vesting.

(2) If a person disposes of an asset during any tax year and reinvests the proceeds from the disposal in a similar asset or assets within a period of 2 years after the disposal—

- (a) no gain or loss is to be determined during that year with respect to the disposal for purposes of section 31(1)(a) or (b); and
- (b) the new asset or assets so acquired are deemed to have been acquired—
 - (i) for a cost equal to the acquisition value or the adjusted acquisition value as at the date of disposal (as the case may be) of the original asset; and
 - (ii) on the same date that the original asset was acquired.

No further roll over relief is to be provided under this subsection if the similar asset or assets are disposed of for purposes of reinvestment in another similar asset.

- (b) deducted in accordance with section 15 and section 16(1) does not apply; or
- (c) calculated in accordance with section 50,

the amount of income tax so paid, deducted or calculated must be credited against the person's income tax liability on chargeable income derived during that same tax year, and if the amount credited is in excess of the income tax liability, the excess must be dealt with in accordance with section 51.

Instalments of income tax

45. (1) Subject to subsection (2), every person deriving taxable income from self-employment, trade or business or income from property (other than interest) must make pre-payments of that income tax during the tax year in which the taxable income is so derived by way of instalments in a manner and within periods prescribed by regulation.

(2) This section does not apply to a person whose total taxable income from sources described in subsection (1) was, in the previous tax year, less than £50,000.

Arrangement to pay income tax

46. (1) If any person is unable to make payment of income tax or an instalment of income tax by any of the due dates specified under section 43 or 45, the Commissioner may enter into an arrangement with the person to make payment of the tax unpaid, subject to any conditions that the Commissioner considers are reasonable.

(2) Any arrangement for payment entered into under subsection (1) does not affect the due date for payment for the purpose of calculating any additional tax under section 67.

Collection deferred by an objection or appeal

47. (1) If notice of objection or appeal given in accordance with section 63 or 65 has not been determined by the Commissioner or the Court, as the case may be, payment of that portion of the income tax for the tax year that relates to the matter under dispute remains in abeyance until the objection or appeal has been determined.

(2) The Commissioner may enforce payment of that portion of the income tax for the tax year that is not subject to dispute.

Enforcement of payment

48. Provisions as to the enforcement of payment of income tax are as prescribed by regulations.

Tax to be payable notwithstanding proceedings

49. The institution of proceedings for an offence against this Ordinance, or the imposition of a penalty, fine or term of imprisonment relating to that offence, does not relieve any person from a liability to pay any income tax charged under this Ordinance.

Foreign tax credits

50. (1) Subject to subsection (4), if any resident is liable to income tax on taxable income derived from a source outside St Helena and has paid income tax on that income in the country in which it was derived (hereinafter referred to as “**foreign tax**”), a credit must be allowed for that amount of tax, against the income tax payable in St Helena in accordance with the regulations.

(2) No credit for foreign tax is to be allowed unless, within 4 years after the end of the tax year in which the taxpayer derived the income in respect of which the credit is claimed,

or within a further period, not exceeding 2 years, the Commissioner allows, the taxpayer claiming the credit—

- (a) makes a written application to the Commissioner; and
- (b) provides to the Commissioner all information, including information in relation to any amount to which the taxpayer is entitled in respect of any relief or repayment of the foreign tax, necessary for determining the amount of the credit.

(3) If a credit for foreign tax is allowable in respect of any income, the amount of the credit must not exceed the amount of income tax otherwise payable in St Helena in respect of that income.

(4) If—

- (a) a credit for foreign tax has been allowed against income tax payable by the taxpayer in respect of the same income;
- (b) the credit has not taken into account any refund or repayment of the foreign tax received by the taxpayer, whether before or after the credit was allowed; and
- (c) the amount of the credit was in excess of the amount that would have been allowed if the amount of the foreign tax refunded or repaid to the taxpayer had been taken into account in calculating the credit,

the amount of that excess is deemed to be income tax due and payable to the Commissioner on the 30th day after the date of the notice of determination of the credit or the date of the receipt by the taxpayer of that refund or repayment, whichever is later.

Repayment of tax

51. If the Commissioner is satisfied that any person has paid income tax by deduction or otherwise for a tax year that is in excess of the amount of income tax correctly chargeable in accordance with this Ordinance, the excess tax must be refunded or may be set off against other amounts that are due for payment under this Ordinance.

- (a) any one or more of the particulars specified in subsection (3) need not be contained on a tax invoice; or
- (b) a tax invoice is not required to be issued.

(5) Subject to subsection (7), books or accounts required in accordance with subsections (1) and (2) must be retained for a period of 7 years after the end of the tax year in which the transactions, acts, or operations to which they relate were completed or, if there is an undetermined appeal in relation to those transactions, until determination of that appeal, whichever is the longer.

(6) Upon the dissolution, winding up, de-registration, or other termination of the existence of a body of persons, the receiver, liquidator, or other person or persons responsible for administering the termination must (subject to subsection (7)) cause the records which the body of persons would otherwise be required to preserve under subsection (5) to be preserved for the period required by that subsection.

(2) The Commissioner may approve an application under subsection (1) subject to any adjustments and conditions that are appropriate and in such cases, the income derived during that year is, for the purposes of this Ordinance, deemed to have been derived during the tax year ending with 31st March nearest to that balance sheet date.

(3) For the purposes of this Ordinance, the 30th September in any year is deemed to be nearer to the last preceding 31st March than to the next succeeding 31st March.

Commissioner, within 28 days (or any longer period the Commissioner allows) and without fee or reward—

 - (e) may, if a hard copy or copy on a data storage medium of information stored on a data storage device is not provided, seize and remove the device from the premises and retain the device for as long as is necessary to copy the information required; and
 - (f) may require a police officer to be present for the purposes of exercising any of the powers under this subsection.

(2) The Commissioner may in writing authorise any officer to exercise any of the powers in subsection (1) and the officer is not permitted to enter or remain on any premises or place if, upon request by the owner or lawful occupier, the officer is unable to produce the Commissioner's written authorisation.

Every receiver, trustee, guardian, curator, committee or other person having the direction, control, or management of any property or concern on behalf of any incapacitated person is assessable to income tax in accordance with this Ordinance in the name of the incapacitated person in the same manner as would have applied had the person not been incapacitated.

(1) Subject to subsection (2), if a person considers that an assessment made under section 41 or 42 or a decision made under this Ordinance is incorrect in any regard, the person may object to that assessment or decision by delivering or posting to the Commissioner a written notice of objection.

(2) If the Commissioner has made an assessment under section 41(3), any notice of objection against that assessment is not valid unless it is accompanied by an annual income tax return.

(3) Every notice of objection must state precisely the grounds of the objections to the assessment or decision and must be made within 90 days from the date of the service of the notice of assessment or written advice of the decision.

(4) If the Commissioner is satisfied that a person on whom an assessment has been made was prevented from giving the notice within the period provided for in subsection (3) because of absence from St Helena, illness or other reasonable cause, the period may be extended by an additional time the Commissioner considers reasonable in the circumstances.

(5) The Commissioner must consider the objection and make a determination to either allow it or disallow it wholly or in part.

(6) Following the determination of the objection, the Commissioner must give written notice of the decision to the person and, if appropriate, amend the assessment to conform with the determination.

Errors in assessments and notices

64. (1) No objection may be taken to any assessment, warrant or other proceeding made or purporting to be made in accordance with this Ordinance for want of form or by reason of any mistake, defect or omission in the assessment, warrant or other proceeding if it is in substance and effect in conformity with or according to the intent and meaning of this Ordinance, and if the person assessed or intended to be assessed or affected by it is designated in it according to common intent and understanding.

limited to the ground stated in the objection and the onus of proving that the Commissioner's determination is erroneous is on the appellant.

(5) If the Court is satisfied that the Commissioner's decision on the objection is in error, the Court must order that the assessment or decision subject to objection be amended in the manner (either by way of reduction or increase) necessary to bring the assessment or decision into conformity with this Ordinance.

(6) Notice of the amount of tax payable under the assessment as determined by the Court must be served by the Commissioner upon the appellant.

(7) All appeals must be heard *in camera*, unless the Court, on application of the appellant, otherwise directs.

(8) The costs of the appeal are in the discretion of the Court hearing the appeal.

- (a) an annual income tax return as required by section 37 within the time allowed by section 39; or
 - (b) employer statements as required under a PAYE scheme as prescribed by regulations under section 15,

is liable to pay an administrative penalty of £100 plus £10 for each complete month that the return or statement remains outstanding.

Penalty for non-payment of tax

67. (1) If any amount of income tax payable under this Ordinance is not paid by the due dates prescribed under any of sections 15(1), 26(2), 43 or 45, a penalty must be added to the amount of income tax, calculated on the basis of—

- (a) 10% of the amount of tax outstanding at the due date, and
- (b) 1% per month of the amount of tax that remains outstanding after the expiration of one month from the due date.

(2) Penalties under subsection (1) are due and payable without formal assessment or demand; but no proceedings may be commenced in any Court in respect of the alleged failure to pay such a penalty unless the Commissioner has first made a written demand for payment and allowed a period of at least 21 days for the payment to be made.

(3) If a penalty remains unpaid after the time allowed for payment in a written demand issued under subsection (2), section 48 applies to the recovery of the penalty as it applies to the recovery of the unpaid tax.

(4) The Commissioner may, if satisfied that a person's failure to pay tax was due to a cause beyond the person's control or because it is considered reasonable to do so, remit part or all of the penalty imposed under this section.

Penalty for false or misleading statements

68. (1) This section applies if a person—

- (a) makes a statement to the Commissioner that is false or misleading in a material particular; or
- (b) omits from a statement made to the Commissioner any matter or thing without which the statement is false or misleading in a material particular; and

the tax liability of the person computed on the basis of the statement is less than it would have been if the statement had not been false or misleading (the difference being referred to as the "**tax shortfall**").

(2) Subject to subsections (3) and (4), a person to whom this section applies is liable—

- (a) if the statement or omission was made knowingly or recklessly - to a penalty equal to 75% of the tax shortfall;
- (b) in any other case - to a penalty equal to 20% of the tax shortfall.

(3) The rate of penalty imposed under subsection (2) is—

- (a) increased by 10 percentage points if this is the second or a subsequent application of this section to the taxpayer; and
- (b) reduced by 20 percentage points if the taxpayer voluntarily disclosed the statement to which the section applies prior to the earlier of discovery by the Commissioner or the commencement of an audit of the taxpayer's tax affairs.

(4) No penalty is payable under subsection (2)(b) if—

- (a) the person who made the statement did not know and could not reasonably be expected to know that the statement was false or misleading in a material particular; or
- (b) the tax shortfall arose as a result of a self-assessment taxpayer taking a reasonably arguable position on the application of the Ordinance to that person's circumstances.

(5) For the purposes of this section, a statement made to the Commissioner includes a statement made, in writing or orally—

- (a) in an application, certificate, declaration, notification, return, objection, or other document provided under this Ordinance;
- (b) in any information required to be provided under this Ordinance;
- (c) in a document provided to the Commissioner otherwise than under this Ordinance;
- (d) in answer to a question asked of a person by the Commissioner or an officer appointed under section 3; or

(6) The penalty added in accordance with this section is charged in addition to any penalty added in accordance with section 67.

Penalty for failure to deduct tax

69. A person who fails to deduct tax in accordance with section 15 and section 26 is, in addition to any other liability imposed by or under this Ordinance, liable to pay an additional amount calculated in accordance with section 67 on the basis that the failure to deduct was a statement or omission and the amount of tax not deducted was a tax shortfall.

PART 2 OFFENCES

False statements and returns

where—

- A represents the amount to be determined;
- B represents the total chargeable income of the taxpayer; and
- C represents the amount of such chargeable income which represents capital gains.

(3) If a taxpayer derives taxable income from sources to which both the rates in items (a) and (e) of sub-paragraph (1), respectively, apply—

- (a) any allowable deductions under Part 3 of Chapter IV which are attributable to both sources of income must, in calculating the chargeable income from these respective sources, be apportioned in the same ratio as the respective sources of income bear to the total taxable income from both sources;
- (b) the amount of the allowances to be deducted from the taxable income under section 7(2)(a) must be deducted first from the taxable income to which the rates in sub-paragraph (1)(a) apply;
- (c) where the total chargeable income from both sources exceeds £18,000, the amount of £18,000 in sub-paragraph (1)(a)(ii)(aa) must be reduced by an amount equal to the income to which sub-paragraph (1)(e) applies.

 - (iii) is made upon the person attaining the retiring age of at least 60 years (or at least at least 55 years in the case of redundancy or ill-health) and such payment is calculated in a manner similar to the gratuities applicable to non-pensionable employees of the St Helena Government and is not paid from an approved superannuation and pension fund;

PART 3 EMPLOYMENT INCOME

Registration of employers

4. (1) Every person who pays or becomes liable to pay any income from employment to any employee as referred to in section 15 of the Ordinance must register with the Commissioner by completing and filing the appropriate form within 30 days from the last day of the month in which the payment or liability to make payment occurred.

(2) Every employer who changes a registered business address or ceases to be an

employer must notify such change of address or cessation to the Commissioner within 30 days of such change of address or ceasing to be an employer.

PAYE Tables

5. For the purpose of ascertaining and determining the amount of income tax to be deducted by the employers under section 15 of the Ordinance, the Commissioner must make available to each registered employer Tax Tables, hereinafter referred to as “**PAYE Tax Tables**”.

Deduction of tax by employers

6. (1) Every employer must deduct, from the income from employment paid by the employer, an amount of tax in accordance with the PAYE Tax Tables issued by the Commissioner.

(2) **If**, during any tax year, an employee receives income from employment from more than one employer, the tax to be deducted in respect of each such employment is such amount as the Commissioner directs.

(3) Every person must, on ceasing to be an employee or on the commencement of employment, provide a declaration to the Commissioner in a form provided for the purpose by the Commissioner.

(4) Every employee, who is not ordinarily resident or is temporarily resident in St Helena, must provide the Commissioner with a declaration of the expected duration of the employee’s residence in St Helena.

(5) The PAYE Tax Tables must be in such form as to enable an employer to ascertain the amount of tax to be deducted from any payments of income from employment.

(6) The Commissioner must from time to time issue such instructions as are necessary as to the mode and manner of the use of the PAYE Tax Tables.

Power to vary tax deductions

7. (1) Every employer, at the written request of any employee and with the approval of the Commissioner, may deduct from the income from employment payable to the employee, tax greater than the tax deduction under the PAYE Tax Tables.

(2) If, in relation to a tax year, any employee is of the opinion that the amount of tax required to be deducted by his or her employer under the PAYE Tax Tables during that tax year will be substantially greater than the amount properly payable by the employee in that tax year, the employee may apply to the Commissioner for a variation of the rate of tax deduction.

(3) If the Commissioner is satisfied that the tax to be deducted under the PAYE Tax Tables will exceed the amount of tax that will be payable for that tax year, a notice of variation will be issued to the employer relating to the deductions to be made from such employee.

(4) A request made by an employee under sub-regulation (1) or a direction under

subparagraph (3) may be withdrawn by notice in writing to the employer and upon such withdrawal the employer must make tax deductions in accordance with the PAYE Tax Tables.

Tax deducted to be remitted to Commissioner

8. All tax deducted by an employer from the income from employment of employees must be remitted to the Commissioner not later than the 15th day of the month immediately following the month in which such deductions were made.

“Tax free” payments

9. (1) Any agreement by an employer to pay any income from employment to an employee free of tax is null and void.

(2) If sub-regulation (1) applies, tax is deemed to have been deducted and the payment received by the employee is deemed to be a net payment after the deduction of income tax and the provisions of the Ordinance apply accordingly.

Certificate of tax deducted

10. (1) Every employer who has deducted tax from income from employment must provide to every employee to whom income from employment has been paid, within the time specified in sub-regulation (3), a certificate, in the form provided for that purpose by the Commissioner.

(2) The certificate referred to in sub-regulation (1) must show—

- (a)* the period of employment;
- (b)* the total income from employment paid to the employee; and
- (c)* the total tax deducted from such income from employment.

(3) The certificate referred to in sub-regulation (1) must specify the period of employment to which it relates and must be provided to the employee or former employee—

- (a)* if the employer has not ceased to be an employer in relation to that employee - within one month after the end of that tax year;
- (b)* if the employer has ceased to be an employer in relation to other employees - on the date of cessation of the employment of that person; or
- (c)* if the employer has ceased to be an employer in relation to all employees - within one month after the date of cessation to be an employer.

(4) Any employee who has not received a certificate within the time specified in sub-regulation (3) may apply to the employer forthwith for such certificate to be provided and in the event of such certificate not being provided within a further period of 15 days, must notify the Commissioner of the failure by the employer to provide the certificate.

(5) The certificate to be provided under this regulation by an employer to an employee may be delivered—

- (a)* by hand to the employee or the employer’s authorised agent;
- (b)* by recorded letter addressed to the employee at his or her usual or last known postal address; or
- (c)* if the taxable income of the employee is not chargeable to tax in his or her name, by

hand addressed to the person chargeable.

(6) If it is not possible to deliver a certificate in the manner prescribed by sub-regulation (1), the employer must retain the certificate and forward it to the Commissioner with the reconciliation statement required by paragraph 14.

(7) In addition to the annual certificate referred to in sub-regulation (1), on every occasion upon which a payment of income from employment is made to an employee from which tax is deducted under these Regulations, the employer must provide to the employee particulars of the total income from employment payable for the pay period and of the amount of tax deducted from the income.

Employer's personal liability

11. (1) Any employer who fails to deduct any tax under regulation 6 is, in addition to any liability for a penalty, personally liable to pay to the Commissioner within the time specified in regulation 8, the amount which has not been deducted.

(2) If an employer pays to the Commissioner the amount of tax which has not been deducted, the amount is deemed to have been deducted under these Regulations.

(3) This regulation does not prevent the employer recovering from the employee any amount paid to the Commissioner under sub-regulation (2).

(4) If in relation to any payment of income from employment, an employer has failed to deduct tax under regulation 6, and the Commissioner is satisfied that the tax deducted under these Regulations from earlier or later payments of income from employment is sufficient to meet the amount of tax which has not been deducted, the Commissioner may absolve the employer from liability under sub-regulation (1).

(5) In cases where the Commissioner is of the opinion that any amount of tax which has been included on a certificate under regulation 10 has not been deducted by the employer—

- (a) both the employer and the employee are jointly and severally liable to pay to the Commissioner the amount which has not been deducted and that amount is recoverable under the Ordinance; or
- (b) if the Commissioner is satisfied that the employee alone was responsible for the incorrect amount being shown on the certificate, the employee alone is liable to pay to the Commissioner the amount which has not been deducted.

(6) If it is proved to the satisfaction of the Commissioner that any amount of tax has been deducted from the income from employment of any employee, even though the employer has failed to pay the amount to the Commissioner, no action is to be taken by the Commissioner for the recovery of the tax from that employee.

Employers to keep records

12. Every employer must, in respect of each employee, maintain a record showing in relation to each tax year, the amounts of:

- (a) the income from employment accrued to that employee; and
- (b) tax deducted from such income from employment,

and the records must be retained for a period of 7 years from the end of the tax year to which they relate.

Monthly employer statements

13. Every employer must **provide**, within 15 days of the end of every month, a statement showing the gross amount of income from employment paid during the preceding month, the amount of tax deducted and the amount of tax remitted to the Commissioner.

Annual employer statement

14. (1) Every employer must, in respect of each tax year—

- (a) within one month after the end of the tax year;
- (b) if employment ceased during that tax year, within 15 days after such cessation; or
- (c) within any further time the Commissioner allows,

provide to the Commissioner a statement showing the gross amount of income paid to each person employed during the preceding tax year, the amount of tax deducted, and the total payments of such tax made to the Commissioner.

(2) In the event of there being any deficiency between the total amount of tax deducted and total payments of such tax made to the Commissioner, the employer must account to the Commissioner for the deficiency.

Simplification for employers with small PAYE liabilities

15. (1) This regulation applies to any employer—

- (a) who is required to be registered in accordance with this Part; and
- (b) whose annual liability to pay tax deducted to the Commissioner is less than £300.

(2) Subject to sub-regulation (3), where this paragraph applies—

- (a) the payments required in accordance with regulation 8 must be made not later than the 15th day after the end of the 3rd, 6th, 9th and 12th month of the tax year;
- (b) the monthly employer statements required in accordance with regulation 13 must be provided not later than the 15th day after the end of the 3rd, 6th, 9th and 12th month of the tax year.

(3) Where this paragraph applies to a person whose annual liability to pay PAYE tax is Nil, the person may apply for approval to provide only the statement required in accordance with regulation 14, and if the Commissioner approves the application, regulations 8 and 13 do not apply.

Offences

16. A person who fails to comply with an obligation imposed under this Part commits an offence.
Penalty: A fine of £500 or 6 months, or both.

PART 4 SELF-EMPLOYMENT, TRADE AND BUSINESS INCOME

Depreciation of assets

17. (1) In this Regulation—
“consideration received” has the same meaning as Part 1 of Chapter IV of the Ordinance;
“cost” includes all the expenses relating to acquisition, construction transportation and installation, including freight, transportation insurance, import duties and import charges and labour charges but excludes the cost of land;
“depreciable asset”⁷ ...
“structural improvement”, in relation to immovable property, includes any building, road, driveway, car park, pipeline, bridge, tunnel, airport runway, canal, dock, wharf, retaining wall, fence, power lines, water or sewerage pipes, drainage, landscaping, or dam;
“written down value” means the cost of the depreciable asset less the depreciation deduction that has been allowed.

(2) Every person is allowed a deduction (referred to as a **“depreciation deduction”**) for the amount by which the value of the person’s depreciable assets has declined during a tax year by reason of wear and tear from use in deriving taxable income.

(3) The depreciation deduction allowed under sub-regulation (2) is on a straight line method, calculated by applying the rate specified in sub-regulation (4) to the cost of the asset.

(4) The rate to be used in calculating the depreciation deduction is—

- (a) in relation to a structural improvement used wholly or partly in deriving taxable income of the type shown in Part 1 of Chapter IV of the Ordinance - 5% per annum;
- (b) in relation to a structural improvement used wholly or partly in deriving taxable income of the type shown in Part 2 of Chapter IV of the Ordinance - 2% per annum;
- (c) in relation to any other depreciable asset, unless item (d) applies - 20% in the first year and 20% per annum in the 4 succeeding tax years;
- (d) in relation to a depreciable asset where the Commissioner is satisfied that the effective life of the depreciable asset is 3 years or less, 33 1/3% in the first year and 33 1/3% per annum in the 2 succeeding tax years: ~~Provided that~~ but a person may elect to increase the depreciation deduction allowable in the first year under sub-regulation (c) or (d) by 20% with a corresponding reduced deduction in the last tax year.

(5) If a depreciable asset is—

- (a) partly used in a tax year in deriving taxable income and partly for another purpose;
or
- (b) not used for the whole of the tax year in deriving taxable income,

the depreciation deduction allowed for that tax year is the percentage that the period of use or proportion of use bears to the full tax year or full usage.

(6) If a depreciable asset is disposed of, lost, destroyed or written off in a tax year, there is to be no depreciation deduction for that tax year and—

- (a) if the consideration received exceeds the written down value of the asset at the beginning of the tax year - the excess is to be regarded as a business profit for the purposes of Part 1 of Chapter IV of the Ordinance and included as taxable income of the person for that tax year; or

⁷ Definition of “depreciable asset” deleted by LN 3 of 2019

- (b) if the consideration received is less than the written down value at the beginning of the tax year - the difference is to be allowed as an additional depreciation deduction in calculating the chargeable income of the person for that tax year.

PART 5 WITHHOLDING TAX

Payee certificate

18. (1) Every person who deducts withholding tax from a payment of withholding income in accordance with section 26(1) of the Ordinance must provide the person to whom the payment is made (in this regulation referred to as “**the payee**”) with a certificate in the manner and form approved by the Commissioner setting out—

- (a) the name, address and tax registration number of the person making the payment;
- (b) the date, amount and nature of the payment;
- (c) the amount of tax deducted; and
- (d) the name and address of the payee.

(2) The certificate referred to in this paragraph must be provided at the time payment is made.

Administration of withholding tax scheme

19. Regulations 11, 13, 14, 15 and 16 apply in a like manner to the deduction of withholding tax as if a reference in those regulations to an employer, income from employment and an employee were a reference to a resident or permanent establishment of a non resident, withholding payment and the recipient of the withholding payment.

PART 6 REGISTRATION, RETURNS AND ASSESSMENT

Registration

20. (1) Every person required to register in accordance with section 36 of the Ordinance must—

- (a) register the particulars referred to in sub-regulation (2) prior to the commencement of the activity; and
- (b) inform the Commissioner of any change in particulars within one month from the date on which those particulars change.

(2) The particulars required to be registered with the Commissioner are—

- (a) if the person is a company—
 - (i) the registered company name;
 - (ii) the registration number; and
 - (iii) the place of incorporation of the company;
- (b) in relation to any other person, the full name of each individual person carrying on the activity; and
- (c) the nature of the activity, including—
 - (i) the date from which the activity has been carried on;
 - (ii) the place or places at which the activity is carried on; and

(iii) the address used for correspondence in relation to the activity.

(3) If an activity is carried on jointly by more than one person, each person is separately liable for registration of that person's prescribed particulars and, if applicable, any change in particulars.

(4) The Commissioner -

- (a) must issue a certificate for each person registered in accordance with this regulation, showing the prescribed particulars and the tax registration number; and
- (b) in any case where the Commissioner is informed of any change in prescribed particulars, must issue a new certificate showing the new prescribed particulars.

Instalments of income tax

21. (1) Every person who is required to make payments of instalments under section 45 of the Ordinance must pay such instalments within 15 days after the end of the 3rd, 6th, 9th and 12th months of the tax year or substituted accounting period.

(2) The amount of each instalment payable for the tax year is equal to one quarter of the amount of income tax payable on the chargeable income of the previous tax year less any income tax deducted from taxable income during the tax year under section 26 of the Ordinance.

(3) If the amount of income tax payable in accordance with sub-regulation (2) is not known by the due date of the first instalment, the instalment of income tax payable is to be based on—

- (a) most recent tax year for which there has been an assessment; or
- (b) an estimate of the income tax payable on the chargeable income of the previous tax year.

(4) If any person considers that the pre-payment of income tax calculated in accordance with subparagraphs (2) and (3) is in excess of the actual amount of income tax that will be payable for that tax year—

- (a) that person may estimate the income tax payable on the chargeable income for the tax year and file an application to vary the amount of the instalment based on that estimate, which may be filed at any time up to the due date for payment of the third instalment; and
- (b) the Commissioner may approve the application and adjust the remaining instalments of income tax to reflect the estimated amount of income tax payable shown in the application.

(5) If a person files an estimate of the amount of income tax payable in accordance with sub-regulation (4) and that estimate is less than the actual income tax payable on assessment, that person will be liable to pay additional tax if the estimated tax is less than 75% of the actual tax.

(6) The additional tax payable in accordance with sub-regulation (5) is an amount calculated on the basis that the difference between the estimated income tax and the actual income tax was a "tax shortfall" for the purposes of section 68.

PART 7

ENFORCEMENT OF INCOME TAX COLLECTION

Deduction of income tax from payment due to defaulters

22. (1) In this regulation—
“defaulter” means any person who has made default in the payment of any income tax; and
“debtor” means any person who has an amount held to the credit of, payable to or becoming payable to the defaulter other than in respect of alimony or child maintenance.

(2) For the purpose of collecting any income tax due by a defaulter, the Commissioner may, by notice in writing, require any debtor to deduct any sum specified in the notice from an amount held to the credit of, payable to or becoming payable to the defaulter by the debtor, and to pay such sum to the Commissioner to the credit of the defaulter within a time specified in the notice.

(3) The sum deducted from any amount pursuant to a notice under this regulation is deemed to be held in trust for the Government and, without prejudice to any other remedies against the debtor or any other person, is recoverable in the same manner in all respects as if it were income tax payable by the debtor.

(4) Any notice under this paragraph will remain in force for the period specified in the notice or may be revoked by the Commissioner at any time by a subsequent notice to the debtor if the Commissioner is satisfied that all the amounts of income tax due and payable by the defaulter have been paid.

(5) A copy of every notice given under this regulation and of the revocation of any such notice must be given to the defaulter by the Commissioner.

- (6) It is an offence for a debtor to -
- (a) fail to make any deduction required by a notice under this regulation; or
 - (b) fail, after making any such deduction to pay the sum deducted to the Commissioner within the time specified for the purpose in the notice.

Penalty: A fine of £500.

(7) A person convicted under sub-regulation (6) remains personally liable to pay to the Commissioner the amount that was not deducted, or deducted but not paid as the case may be, and the provisions of these Regulations relating to the collection of tax apply in every respect.

Suit for tax by Commissioner

23. (1) Income tax and any penalty payable under this Ordinance may be recovered, as a civil debt due to the Government, by suit taken before the Court in the name of the Commissioner.

(2) Any suit for the recovery of income tax and any penalty payable under this Ordinance may be heard and determined by the Court irrespective of the amount of income tax and penalty for which the suit is brought.

(3) If a person summoned fails to appear in answer to the summons and it is proved by evidence on oath that the summons was duly served a reasonable time before the time appointed for the hearing, the Court may either—

- (a) proceed to hear the complaint in the person's absence; or
- (b) issue a warrant for the person's arrest.

(4) A warrant for the arrest of a person under this regulation must require the person, when arrested, to be brought as soon as possible before a Justice of the Peace, who may either bind the person over to appear before the Court at a future time, or commit the person to custody until the complaint can be heard.

Recovery of tax from persons leaving St Helena

24. If the Commissioner has reason to believe that any person may leave St Helena without having paid all the income tax to which that person is, or would be, liable to pay under this Ordinance, the Commissioner may, by notice in writing—

- (a) demand payment of income tax within a time specified in the notice, even if the due date for payment has not expired, and if such tax is not subsequently paid, proceed to recover the income tax in accordance with the Ordinance;
- (b) require the person to obtain a tax clearance from the Commissioner prior to embarking from St Helena; and
- (c) require an immigration officer to deny permission for the person on whom a notice has been served under paragraph (a) to leave St Helena unless the person can produce a tax clearance certificate from the Commissioner.

Liability of company directors

25. (1) If any company makes default in the payment of any tax due and payable by it, all of the persons who were directors of that company when the default first occurred are jointly and severally liable for the payment of that tax as if they had been personally assessed in respect of it.

(2) Nothing in this regulation in any way affects the liability of the defaulting company for payment of the tax, and any penalty in respect of it, or the rights of the directors to recover from the defaulting company any tax paid by them in meeting any obligation imposed by this regulation.

Warrant of distress

26. (1) If the Commissioner has filed suit for tax in accordance with regulation 23, the payment of that sum may be enforced by distress and the sale of goods and chattels under warrant issued by the Court.

- (2) A warrant issued under this regulation—
 - (a) may be directed to the Commissioner and to such other persons as the Court thinks fit;
 - (b) must authorise the person to whom it is directed to levy the amount which the person against whom the warrant is issued is liable to pay by distress and sale of the person's goods and chattels;
 - (c) may include an order that such sum for the costs and charges incurred in obtaining the warrant and attending the distress is to be levied under the warrant.

Abatement of proceedings on payment of tax

27. If any proceedings have been commenced under these Regulations against a person to enforce payment of any tax and any person pays to the Commissioner the sum sought to be recovered (together with all costs and charges incurred in the proceedings up to that time) -

- (a) the payment must be accepted; and
- (b) the Commissioner may decide to take no further proceedings for any offence committed in relation to that sum.

Directions to Registrar of Lands

28. If the Commissioner is of the opinion that the collection of tax under Chapter V of the Ordinance may be at risk, the Commissioner may by notice in writing require the Registrar of Lands, either specifically in relation to a person or generally in relation to a class of persons, to deny registration of any land transfer until ~~such time as~~ the Commissioner has granted clearance to do so.

PART 8 ACCESS TO INFORMATION
