CHAPTER 53

PHARMACY AND POISONS ORDINANCE

(Ordinances 2 of 1937 and 3 of 2001)

AN ORDINANCE TO CONTROL AND RESTRICT THE SALE OF POISONS.

Commencement

[3 May 1937]

PART I
PRELIMINARY**Short title**

1. This Ordinance may be cited as the Pharmacy and Poisons Ordinance.

Interpretation

2. In this Ordinance, unless the context otherwise requires—
“**authorised seller of poisons**” means any person licensed under section 3 and declared by section 6 of this Ordinance to be an authorised seller of poisons within the meaning of this Ordinance;
“**dispensing**” in relation to a medicine or a poison means supplying a medicine or a poison on and in accordance with a prescription duly given by a qualified medical practitioner or dentist or by the owner of any animal for the treatment of such animal;
“**pharmacist**” means a pharmaceutical chemist or a chemist and druggist;
“**poison**” means a poison included in the Poisons List;
“**sale by the way of wholesale dealing**” means sale to a person who buys for the purpose of selling again.

PART II
PHARMACY**Qualification and licensing of pharmacists**

- 3.² (1) A person may practise pharmacy in St. Helena if he or she—
 - (a) is qualified to practise pharmacy anywhere in the United Kingdom; or
 - (b) is qualified to practise pharmacy in a place specified in regulations made under this Ordinance; and
is approved by the Governor, on the recommendation of the Chief Medical Officer, by Notice in the Gazette as qualified to practise pharmacy;
 - (c) holds a current certificate of competency under this Ordinance.
- (2) A person may not carry on the business of a pharmacist unless he or she holds a licence issued by the Chief Medical Officer under this subsection for that purpose.
- (3) A person who is not qualified under subsection (1) shall not practise pharmacy in St. Helena.

² Section 3 substituted by Ord. 3 of 2001

Certificates of competency

4. (1) Any person desiring to obtain a certificate of competency under section 3 shall apply in writing to the Chief Medical Officer, and shall submit with his application certificates as to his age, character, education and the period which he has devoted to the study of pharmacy and dispensing work under a pharmacist or medical practitioner.

(2) If such certificates shall be found satisfactory by the Chief Medical Officer the applicant shall be given permission to present himself for examination as to his fitness to be licensed as a pharmacist. The examination shall be conducted in accordance with rules to be made by the Governor in Council; and such rules may provide for the mode of conducting the examination and the number of qualifying marks in each subject to be gained by any candidate in order to entitle him to a certificate of competency.

Application for and duration of licences

5. (1) An application for a licence under section 3 shall be made on the prescribed form.

(2) The duration of a licence shall be for a period of one year, and the fees payable for a licence or for the renewal thereof shall be prescribed by rule under this Ordinance.

Conditions to be fulfilled by pharmacist in order to become authorised seller of poisons

6. A licensed pharmacist carrying on a business which comprises the retail sale of drugs shall be an authorised seller of poisons within the meaning of this Ordinance if the following conditions are complied with—

- (a) in each set of premises where the business is carried on, the business must, so far as concerns the retail sale of drugs, be under the personal control of the pharmacist himself or of some other licensed pharmacist; and
- (b) the licence of the person having control of the business as aforesaid must be conspicuously exhibited in the premises.

PART III POISONS

Preparation of list of poisons

7. (1) The Governor shall cause to be prepared for his approval a list of substances which are to be treated as poisons under this Ordinance.

(2) The list to be prepared under this section shall be divided into two parts, as follows—

Part A — consisting of those poisons which, subject to the provisions of this Ordinance, are not to be sold except by a person who is an authorised seller of poisons;

Part B — consisting of those poisons which, subject to the provisions of this Ordinance, are not to be sold except by a person who is an authorised seller of poisons or whose name is entered in a list kept under this Part of this Ordinance of persons who may be authorised to sell poisons in Part B.

(3) In determining the distribution of poisons as between Part A and Part B of the said list, regard shall be had to the desirability of restricting the said Part B to articles which are in

common use or likely to come into common use for purposes other than the treatment of human ailments, and which it is reasonably necessary to include in the said Part B if the public are to have adequate facilities for obtaining them.

(4) The Governor may from time to time by order amend or vary the said list as he thinks proper.

(5) The list as in force for the time being is in this Ordinance referred to as the "Poisons List."

Prohibitions and regulations with respect to sale of poisons

8. (1) Subject to the provisions of this Part of this Ordinance, it shall not be lawful—

(a) for a person to sell any poison included in Part A of the Poisons List, unless—

- (i) he is an authorised seller of poisons; and
- (ii) the sale is effected on premises described in the licence under Part II of this Ordinance; and
- (iii) the sale is effected by or under the supervision of a licensed pharmacist;

(b) for a person to sell any poison included in Part B of the Poisons List, unless either—

- (i) he is an authorised seller of poisons and the sale is effected on premises described in the licence under Part II of this Ordinance; or
- (ii) the sale is effected on premises duly registered as being premises on which he is authorised, subject to the provisions of this Ordinance, to sell poisons included in Part B of the Poisons List;

(c) for a person to sell any poison, whether included in Part A or in Part B of the Poisons List, unless the container of the poison is labelled in the prescribed manner—

- (i) with the name of the poison; and
- (ii) with the word "poison" or other prescribed indication of the character of the article; and
- (iii) with the name of the seller of the poison.

(2) Subject to the provisions of this Part of this Ordinance and to any rules made under this Ordinance dispensing with or relaxing any of the requirements of this subsection—

(a) it shall not be lawful to sell any poison included in Part A of the Poisons List to any person unless that person is either—

- (i) certified in writing in the manner prescribed by rules; or
- (ii) known by the seller or by some licensed pharmacist in the employment of the seller at the premises where the sale is effected,

to be a person to whom the poison may properly be sold;

(b) the seller of any such poison shall not deliver it until—

- (i) he has made or caused to be made an entry in a book to be kept for that purpose stating, in the form prescribed by rules, the date of the sale, the name and address of the purchaser and of the person, if any, by whom the certificate required under paragraph (a) of this subsection was given, the name and quantity of the article sold, and the purposes for which it is stated by the purchaser to be required; and
- (ii) the purchaser has affixed his signature to the entry aforesaid.

Exemption with respect to medicines

- 9. (1)** Nothing in the last foregoing section shall apply—
- (a) to a medicine which is supplied by a duly qualified medical practitioner for the purposes of medical treatment, or by a qualified dentist for the purpose of dental treatment; or
 - (b) to a medicine which is dispensed by an authorised seller of poisons on premises described in the licence under Part II of this Ordinance; or
 - (c) to a poison forming part of the ingredients of a medicine which is supplied by an authorised seller of poisons on premises described in the licence under Part II of this Ordinance,

if the requirements contained in the following provisions of this section are satisfied in relation thereto.

(2) The medicine must be distinctly labelled with the name of the person by whom it is supplied or dispensed.

(3) On the day on which the medicine is supplied or dispensed, or, if that is not reasonably practicable, on the day next following that day, there must be entered in a book which is to be kept for the purpose of this provision the following particulars—

- (a) the date on which the medicine was supplied or dispensed;
- (b) the ingredients of the medicine and the quantity thereof supplied;
- (c) if the medicine was dispensed by an authorised seller of poisons, the name of the person by whom, and the name and address of the person to whom and the date on which, the prescription was given;
- (d) if the medicine was not so dispensed, the name of the person to whom it was supplied:

Provided that the provisions of this subsection shall, in the case of a medicine supplied on a prescription on which the medicine has been supplied by the seller on a previous occasion, be deemed to be complied with if the day on which the medicine is supplied and the quantity thereof supplied are entered in the book on that day, or if that is not reasonably practicable, on the day next following that day, together with a sufficient reference to an entry in the book duly recording the dispensing of the medicine on the previous occasion.

(4) In the case of a medicine which is supplied or dispensed by a person who is an authorised seller of poisons and is compounded by the person supplying or dispensing it or by a person in his employment, the medicine must have been compounded by or under the direct and personal supervision of a licensed pharmacist.

(5) In the case of a medicine which is supplied or dispensed by a person who is an authorised seller of poisons, the supplying or dispensing of the medicine must be effected by or under the direct and personal supervision of a licensed pharmacist.

Exemption with respect to sales to certain persons

10. (1) Except as provided by rules, nothing in the foregoing provisions of this Part of this Ordinance shall extend to or interfere with—

- (a) the sale of an article to a duly qualified medical practitioner or qualified dentist for the purpose of his profession or to the owner of an animal for the treatment of such animal; or

- (b) the sale of an article for use in or in connection with any hospital, infirmary, dispensary or similar institution approved by an order, whether general or special, of the Governor; or
- (c) the sale of an article by a person carrying on a business, in the course of which poisons are regularly sold either by way of wholesale dealing or for use by the purchasers thereof in their trade or business to—
 - (i) a person who requires the article—
 - (A) for the purpose of his trade or business; or
 - (B) for the purpose of enabling him to comply with any requirements made by or in pursuance of any enactment with respect to the medical treatment of persons employed by that person in any trade or business carried on by him; or
 - (ii) a Government department or an officer of the Government requiring the article for the purposes of the public service, or any local authority requiring the article in connection with the exercise by the authority of any statutory powers; or
 - (iii) a person or institution concerned with scientific education or research, if the article is required for the purposes of that education or research.

Certain persons other than authorised sellers of poisons to be authorised to sell poisons in Part B of Poisons List

11. (1) The Chief Medical Officer shall keep for the purpose of this Part of this Ordinance a list of persons who, not being authorised to sell poisons included in Part A of the Poisons List, are, subject to the provisions of this Ordinance, authorised to sell poisons included in Part B of the Poisons List and shall, subject as hereinafter provided, enter in the list the name of any person who makes an application in the form prescribed by rules to have his name entered in the list as a person authorised subject to the provisions of this Ordinance to sell such poisons on those premises:

Provided that the Chief Medical Officer may refuse to enter in, or may remove from, the list the name of any person who fails to pay the fees prescribed by rules or who in the opinion of the authority is, for any sufficient reason relating either to him personally or to his premises, not fit to be on the list.

(2) The said list shall include particulars of the premises on which are respectively the persons whose names are entered in the list are authorised to sell poisons included in the said Part B, and subject as aforesaid the list shall be in the form prescribed by rules.

(3) Every person shall pay to the Financial Secretary such fees as may be prescribed by rules in respect of—

- (a) the entry of his name in the list; and
- (b) the retention of his name on the list in any year subsequent to the year in which his name is first entered therein.

Appointment and powers of inspector

12. For the purposes of this Ordinance the Governor shall appoint an inspector who shall have power at all reasonable times to enter any premises on which any person carries on business under this Ordinance and any premises on which the inspector has reasonable cause to suspect that a breach of the provisions of this Ordinance or rules made thereunder has been committed, and in either case shall have power to make such examination and enquiry and to

do such other things including the taking, or payment of the cost thereof, of samples as may be necessary for the purposes of the inspection.

PART IV
MISCELLANEOUS

Power of Governor in Council to make rules

13. (1) The Governor in Council may make rules with respect to any of the following matters or for any of the following purposes—

- (a) the manufacture of pharmaceutical preparations containing poisons;
- (b) the sale, whether wholesale or retail, or the supply of poisons, by or to any persons or classes of persons and in particular but without prejudice to the generality of the foregoing provisions—
 - (i) for regulating or restricting the sale or supply of poisons by persons whose names are entered in the list referred to in section 11(1) and for prohibiting the sale of any specified poison or class of poisons by any class of such persons; and
 - (ii) for prohibiting the sale by retail of poisons, being poisons included in Part A of the Poisons List, except on a prescription duly given by a qualified medical practitioner or registered dentist or by the owner of an animal for the treatment of such an animal, and for prescribing the form and regulating the use of prescriptions given for the purpose of rules made under this paragraph; and
 - (iii) for dispensing with or relaxing with respect to poisons any of the provisions contained in Part III of this Ordinance relating to the sale of poisons;
- (c) the storage, transport and labelling of poisons;
- (d) the containers in which poisons may be sold or supplied;
- (e) the addition to poisons of specified ingredients for the purpose of rendering them readily distinguishable as poisons;
- (f) the compounding and dispensing of poisons;
- (g) the period for which any books required to be kept for the purposes of this Ordinance are to be preserved;
- (h) the period for which any certificate given under Part III of this Ordinance is to remain in force;
- (i) for requiring persons in control of the manufacture of pharmaceutical preparations containing poisons to be registered pharmacists or persons possessing the prescribed qualification in chemistry;
- (j) for prescribing anything which is by this Ordinance to be prescribed by rules.

(2) The power to make rules under this section with respect to poisons includes the power to make rules with respect to any class of poisons or any particular poison.

Penalties

14. (1) If any person licensed under section 3 or whose name is entered in the list under section 11 is convicted before any court of any criminal offence which, in the opinion of the court, renders him unfit to hold a licence or to have his name on the list, the court may, as part of the sentence, order his licence to be suspended or his name to be removed from the list and direct that he shall, for such period as may be specified in the order, be disqualified for holding a licence or having his name entered in the list.

(2) If any person obtains any poison under Part A of the Poisons List from a pharmacist for the treatment of an animal and makes use of the poison or any part of the poison so obtained for the treatment of any human ailment he shall on summary conviction be liable to a fine not exceeding £50.

(3) A person who acts in contravention of or fails to comply with any of the provisions of this Ordinance or any rules made thereunder shall, on summary conviction, be liable in respect of each offence to a fine not exceeding £50, and, in the case of a continuing offence, to a further fine not exceeding £10 for every day subsequent to the day on which he is convicted of the offence during which the contravention or default continues.

(4) If a person wilfully delays or obstructs an inspector in the exercise of any powers under this Ordinance, or refuses to allow any sample to be taken in accordance with the provisions of this section, or fails without reasonable cause to give any information which he is duly required under this section to give, he shall in respect of each offence be liable on summary conviction to a fine not exceeding £5.

(5) In the case of proceedings against a person under this section for or in connection with the sale, exposure for sale or supply of a poison effected by an employee—

- (a) it shall not be a defence that the employee acted without the authority of the employer; and
- (b) any material fact known to the employee shall be deemed to have been known to the employer.

(6) Notwithstanding any provision in any law prescribing the period within which summary proceedings may be commenced, proceedings for an offence under this Ordinance may be commenced at any time within the period of twelve months next after the date of the commission of the offence or, in the case of proceedings instituted by, or by the direction of, the Governor, either within the period aforesaid or within the period of three months next after the date on which evidence sufficient in the opinion of the Governor to justify a prosecution for the offence comes to his knowledge, whichever period ends on the later date.

For the purposes of this subsection, a certificate purporting to be signed by the Governor as to the date on which such evidence as aforesaid came to his knowledge shall be conclusive evidence thereof.

(7) A document purporting to be a certificate signed by a person appointed by the Governor to make analyses for the purposes of this Ordinance stating the result of an analysis made by him, shall be admissible in any proceedings under this Ordinance as evidence of the matters stated therein but either party may require the person by whom the analysis was made to be called as a witness.

SCHEDULE

PART A

POISONS LIST AND EXEMPTIONS

Poisons List.	Exempted in (See also Note at end).
Acetanilide; alkyl acetanilides Alkali fluorides other than those specified in Part B of this List Alkaloids, the following; their salts, simple or complex:— Acetyldihydrocodeinone; its esters Aconite, alkaloids of Apomorphine Atropine Belladonna, alkaloids of Benzoylmorphine Benzylmorphine Brucine Calabar bean, alkaloids of Coca, alkaloids of	Substances not being preparations for the treatment of human ailments.
Poisons List.	Exempted in (See also Note at end).
Cocaine Codeine Colchicine Coniine Cotarnine Curarine Diacetylmorphine Dihydrocodeinone; its esters Dihydrohydroxycodeinone; its esters Dihydromorphine; its esters Dihydromorphinone; its esters Ecgonine; its esters Emetine	Ipecacuanha; extracts and tinctures of

	ipecacuanha; substances containing less than 0.05 per cent. of emetine.
Ephedra, alkaloids of	Substances containing less than 1 per cent. of the alkaloids of ephedra.
Ergot, alkaloids of	
Ethylmorphine	
Gelsemium, alkaloids of	
Homatropine	
Hyoscine	
Hyoscyamine	
Jaborandi, alkaloids of	Substances containing less than 0.025 per cent. of alkaloids of jaborandi.
Lobelia, alkaloids of	Preparations for the relief of asthma in the form of cigarettes, smoking mixtures or fumigants; substances containing less than 0.1 per cent. of the alkaloids of lobelia.

Poisons List.	Exempted in (See also Note at end).
Morphine	
Papaverine	
Pomegranate, alkaloids of	Pomegranate bark.
Quebracho, alkaloids of, other than the alkaloids of red quebracho	
Sabadilla, alkaloids of	
Solanaceous alkaloids not otherwise included in this List	Stramonium contained in preparations for the relief of asthma in the form of cigarettes, smoking mixtures or fumigants.
Stavesacre, alkaloids of	Soaps; ointments; lotions for external use.
Strychnine	
Thebaine	
Veratrum, alkaloids of	
Yohimba, alkaloids of	
Allylisopropylacetylurea	
Amidopyrine; its salts	
Amino-alcohols, esterified with benzoic acid, phenylacetic acid, phenylpropionic acid, cinnamic acid or the derivatives of these acids	
Amyl nitrite	
Antimony, chlorides of; oxides of antimony; sulphides of antimony; antimonates; antimonites; organic compounds of antimony	
Arsenical substances, the following, except those specified in Part B of this List:— arsenic, halides of; oxides of arsenic; arsenates; arsenites; organic compounds of arsenic	Pyrites ores or sulphuric acid containing arsenical poisons as natural impurities.

Poisons List.	Exempted in (See also Note at end).
Barbituric acid; its salts; derivatives of barbituric acid; their salts; compounds of barbituric acids, its salts, its derivatives, their salts, with any other substance.	
Barium, salts of, other than barium sulphate and the salts of barium specified in Part B of this List	
Butyl chloral hydrate	
Cannabis (the dried flowering or fruiting tops of Cannabis Sativa Linn.); the resin of cannabis; extracts of cannabis; tinctures of cannabis; cannebin tannate	
Cantharidin; cantharidates	
Chloral formamide	
Chloral hydrate	
Chloroform	Substances containing less than 10 per cent. of chloroform.
Creosote obtained from wood	Substances containing less than 50 per cent. of creosote obtained from wood.
Croton, oil of	
Digitalis, glycosides of; other active principles of digitalis	
Dinitrocresols; dinitronaphthols; dinitrophenols; dinitrothymols	Dinitrophenols in substances not being preparations for the treatment of human ailments.
Elaterin	
Ergot (the sclerotia of any species of Claviceps); extracts of ergot; tinctures of ergot	
Erythryl tetranitrate	
Glyceryl trinitrate	

Poisons List.	Exempted in (See also Note at end).
Guanidines, the following:— polymethylene diguanidines, diparaanisylphenetyl guanidine	
Hydrocyanic acid; cyanides; double cyanides of mercury and zinc	
Insulin	
Lead acetates; compounds of lead with acids from fixed oils	Substances containing less than 4 per cent of lead acetate. Machine-spread plasters.
Mannityl hexanitrate	
Mercury, oxides of; nitrates of mercury; mercuric ammonium chlorides; potassiomeric iodides; mercuric oxycyanides; mercuric thiocyanate	Ointments containing less than the equivalent of 3 per cent., weight in weight, of mercury (Hg)
Metanitrophenol; orthonitrophenol; paranitrophenol	
Nux Vomica	
Opium	
Orthocaine; its salts	
Ouabain	
Oxalic acid; metallic oxalates other than potassium quadroxalate	
Oxycinchonic acid, derivatives of; their salts; their esters	
Para-amino-benzoic acid; esters of; their salts	
Phenetidylphenacetin	

Poisons List.	Exempted in (See also Note at end).
<p>Phenols (any member of the series of phenols of which the first member is phenol and of which the molecular composition varies from member to member by one atom of carbon and two atoms of hydrogen) except in substances containing less than sixty per cent., weight in weight, of phenols; compounds of phenol with a metal, except in substances containing less than the equivalent of sixty per cent., weight in weight, of phenols</p>	<p>Carvacrol; coal tar, crude or refined; creosote obtained from coal tar; essential oils in which phenols occur naturally; medicines containing less than 1 per cent. of phenols; nasal sprays, mouthwashes, pastilles, lozenges, capsules, pessaries, ointments, or suppositories containing less than 2.5 per cent. of phenols; smelling bottles; soaps for washing; solid substances containing less than 60 per cent. of phenols; tertiary butyl-cresol; thymol.</p>
<p>Phenylcinchoninic acid; salicylcinchoninic acid; their salts; their esters</p>	
<p>Phenylethylhydantoin; its salts; its acyl derivatives; their salts</p>	
<p>Phosphorus, yellow</p>	
<p>Picric acid</p>	<p>Substances containing less than 5 per cent. of picric acid.</p>
<p>Picrotoxin</p>	
<p>Pituitary gland, the active principles of</p>	
<p>Savin, oil of</p>	
<p>Strophanthus; glycosides of strophanthus</p>	
<p>Sulphonal; alkyl sulphonals</p>	
<p>Suprarenal gland, the active principles of; their salts</p>	
<p>Thallium, salts of</p>	
<p>Thyroid gland, the active principles of; their salts</p>	
<p>Tribromethyl alcohol</p>	

PART B

Poisons List.	Exempted in (See also Note at end).
Ammonia	Substances not being solutions of ammonia or preparations containing solutions of ammonia; substances containing less than 5 per cent., weight in weight, of ammonia (NH ₃); refrigerators; smelling bottles.
Arsenical substances, the following:— Arsenic sulphides Arsenious oxide Calcium arsenates Calcium arsenites Copper acetoarsenites Copper arsenates Copper arsenites Lead arsenates Potassium arsenites Sodium arsenates Sodium arsenites Sodium thioarsenates	Pyrites ores or sulphuric acid containing arsenical poisons as natural impurities.
Barium, salts of, the following:— Barium carbonate Barium silicofluoride	
Formaldehyde	Substances containing less than 5 per cent., weight in weight, of formaldehyde (H.CHO); photographic glazing or hardening solutions.
Hydrochloric acid	Substances containing less than 9 per cent., weight in weight, of hydrochloric acid (HCl).

Poisons List.	Exempted in (See also Note at end).
Hydrofluoric acid; potassium fluoride; sodium fluoride;	Substances containing less than three per cent. of sodium fluoride as a preservative.
sodium silicofluoride	Substances containing less than three per cent. of sodium silicofluoride as a preservative.
Mercuric chloride; mercuric iodide; organic compounds of mercury	Batteries; dressings on seeds or bulbs Dressings on seeds or bulbs " " " " "
Nicotine; its salts	Tobacco
Nitric acid	Substances containing less than nine per cent., weight in weight, of nitric acid (HN03)
Nitrobenzene	Substances containing less than 0.1 per cent. of nitrobenzene; soaps containing less than one per cent. of nitrobenzene
Phenols as defined in Part A of this List in substances containing less than sixty per cent., weight in weight, of phenols; compounds of phenol with a metal in substances containing less than the equivalent of sixty per cent., weight in weight, of phenols	Carvacrol; coal tar, crude or refined; creosote obtained from coal tar; essential oils in which phenols occur naturally; medicines containing less than 1 per cent. of phenols; nasal sprays, mouthwashes, pastilles, lozenges, capsules, pessaries, ointments, or suppositories containing less than 2.5 per cent. of phenols; smelling bottles; soaps for washing; solid substances containing less than 60 per cent. of phenols; tertiary butyl-cresol; thymol

Poisons List.	Exempted in (See also Note at end).
Phenylene diamines; toluene diamines; their salts	Substances other than preparations for the dyeing of hair.
Potassium hydroxide	Substances containing less than twelve per cent. of potassium hydroxide; accumulators; batteries
Potassium quadroxalate	
Sodium hydroxide	Substances containing less than twelve per cent. of sodium hydroxide
Sulphuric acid	Substances containing less than nine per cent., weight in weight, of sulphuric acid (H ₂ SO ₄); accumulators; batteries; fire extinguishers.

GENERAL EXEMPTIONS

Adhesives; anti-fouling compositions; builders' materials; ceramics; distempers; electrical valves; enamels; explosives; fillers; fireworks; glazes; glue; lacquer solvents; loading materials; marking inks; matches; motor fuels and lubricants; paints other than pharmaceutical paints; photographic paper; pigments; plastics; polishes; printers' inks; propellants; rubber; varnishes.
