Overview of Performance for March 2015

Introduction

For the first quarter of the year Directorates continued to report on 2013/14 KPI's as the reviewing and updating process of the SDP and Performance Indicators was still ongoing. With effect from the month of August a new range of KPI's was implemented for reporting against. Overall these took time to embed, but pleasingly good progress was made across many areas.

Summary of Key Performance Indicators

Some of the headlines for End of Year March reporting are as follows:

- 1. Reporting of offences and incidents involving domestic abuse has seen a significant rise in line with it's target as at 31 March, achieving an overall 100%.
- 2. This year also seen an increase in the usage of the Public Transport services, with an additional 2,553 tickets being sold throughout in comparison to 2013/14 figure.
- 3. Health has met their target of HBA1C ≤ 7.5 & below of 3% in respect of diabetes control.
- 4. SHG's Headcount figure as at end of March has exceeded it's target figure of 790 achieved at the end of last year due to a number of new local posts being approved.
- 5. More crimes were reported in 2014/15 than anticipated counter intuitively this shows improved confidence in statutory services.

Committments given during BAM

The trend for March shows consistent progress in most areas, giving an overall fifty-fifty split between areas of an amber and green RAG rating with one remaining red.

Achievements/non-achievements for March include: The significant over-collection of £674K on Customs Duty revenue for the year.

A contract already being signed between SHG and Basil Read for the Hospital Project with construction works due to commence in April .

Completion of works at Ebony View with clients already moved in.

Corporate Risk Management

Overall there has been minor changes for the month of March and majority of ratings still remain at green.

Currently progress has been made with the SHRDO developing an approach to Strategic HR Management for SHG. Also a Project initiation document has been drafted to be agreed and implemented and process improvement reviews are scheduled to commence in April to cover financial transactions and information provision.

Corporate Risks are still currently under review.

The Management Accounts are un-audited and are subject to substantial change during the preparation of the yearend Financial Statements.

Summary of Financial Performance

The overall movement on the Consolidated Fund for the year is an increase of £486K.

Total revenue collected during the year was £29,477K. This is an over collection of £199K against budget, which is a favourable variance of 0.7% against budgeted revenue for the year.

The expenditure for the year was £28,991K. This is an under spent of £1,415K, which is a favourable variance 4.7% against budgeted expenditure for the year.

Key Revenue and Expenditure Variances

There was a significant over collection of Customs Duty of £676K representing 14.5% over budget. This is primarily due to over collection in specific duties for alcohol, tobacco and diesel.

As previously reported there was an under spend in Shipping Subsidy during the year as a result of favourable variances on revenue and running costs. This amounted to an overall saving of £1,739K over the whole year against the original budget.

Capital Programme

The Capital Programme is made up of a number of projects, varying in nature and size. The programme is monitored by the Programme Management Unit who report on the key milestones and spend profile.

SHG KEY PERFORMANCE INDICATOR REPORT PERIOD 12 (MARCH 2015)

NO	Key Result Area - Directorate Responsible	Performance Indicator/ Risk Mitigation	Rationale for Indicator	Benchmark	Target 2014/15	Target 2015/16	Target 2016/17	Performance Report	RAG Status	Direction of Travel	Notes	Overall Brief Monthly Commentary on Progress/events
1	Economic Development Finance	Self-sufficiency % of budget from local revenue		33% (2013/14)	38%	40%	TBD	2013/14 = 36% 2014/15 = 40% 2015/16 = 39%		•	report on annually	The 2015/16 budget shows a 1% decrease in the proportion of total budget funded through local revenue. This is a result of an increased Grant-in-Aid settlement for the year reflecting DfD's commitment to providing sufficient, ring fenced, funding for Safeguarding. Revenue forecasts for 2015/16 predict an 8% (£0.9 million) increase in local revenue.
2	Economic Development Human Resources	SHG Footprint % of resident population employed by SHG		Headcount = 790 Population = 4,595 17% (2013/14)	17%	17%	17%	Headcount as at 31 March 2015 = 798.6 representing 17.2% of resident population employed by SHG based on the February 2015 average resident population figure. This is thererfore 8.6 people over the target		•		The average resident population figure as at end February 2015 was 4685. SHG's headcount as at 31 March 2015 was 798.6 representing 17.2% of resident population currently employed by SHG. Also, 9 persons are reported as being registered as claiming unemployment, representing 0.2% of the average resident population.
3	Economic Development Statistics	Private Sector Expenditure (in National Accounts)		£15,584,000 (2011/12)	£19,100,000	£20,300,000	TBD	Private Sector Expenditure (as specified in the National Accounts Methodology) 2012/13: £16,382,000 2013/14: £19,824,000		1	report on annually	From 2012/13 to 2013/14 private sector expenditure increased by 21%. This reflects a growing population (local and expatriate) and a steady growth in the RPI.
4	Economic Development ENRD (ANR)	Agriculture Local Market share of like for like production	Sustainable economic growth that benefits everyone, enabling social and environmental development	Meat 86% Vegetables 40%	Meat 86% Vegetables 45%	Meat 90% Vegetables 55%	Meat 95% Vegetables 60%	For vegetables, sales figures from the key outletsfor the year indicate a total sales of 86,970 kgs. We would expect actual production to be higher than this through informal sales etc and thus influence local market share by a further 20% at least. Imports accounted for some 126,787 kgs, due mainly because of large amounts of potato imports. Locak market share thus far for the year amounts to around 41% when using these key local sales figures. For Meat production, livestock slaughter figures for the year show a production of some 90,134 kgs of meat across the 4 main categories of beef, multon/lamb and pork when compared to 112,521 kg for the 2013/14 year (a 20% reduction). There are no figures currently available from Customs for imports of meat to provide a % share of the market for local production as yet.		•	report on 6 monthly	Ex-Longwood Dairy Packhouse Project – Agriculture Advisor consultant advised the suitability of the location for a practical Packhouse to undertake the cold chain system. Proposals received from Farmers Association. Feasibility study to be completed.
5	Economic Development ESH	Accommodation Available serviced rooms		39 rooms (2011/12)	65 rooms	122 rooms	TBD	51 rooms serviced are now available, which is 14 rooms below the target. This however does not become critical until the airport is open. It is therefore important to hit the target for 2015/16		1		A new 8 bedroom establishment in Jamestown opened before the end of March 2015 as well as an additional 1 bedroom B&B establishment in Alarm Forest. This brings the total number of serviced rooms available up to 51 with 40 of these rooms having ensuite facilities. The total number of additional serviced rooms for the year is 10.
6	Health & Wellbeing	Vaccination Coverage (Children at 2 years of age, up to date with vaccinations)		31 two year olds, 93.5% of the total population	100%	100%		The UK immunisation guide for childhood vaccinations is followed and according to that chart, all children should complete the vaccines by 18 months old. Teachers have a wide range of strategies in place to support children and young people in the remaining months before the assessments take place.
1	Education	Secondary Education % of pupils achieving 5 GCSE A*-C including English and Maths	Standards of Education are in line with those achieved in the UK	19% (2012)	55% (2015)	65% (2016)	65% (2017)	49% achieved 5GCSE A*-C including English and Maths.		•		The data (mean SATS) available on the cohort of year 11 students taking GCSE examinations would suggest 42% of students achieving 5 x A*-C including English and Maths. The mean SATS on this cohort are lower than those achieved for the cohort last year and so a target of 55% 5 x A-C set by the Directorate is going to be a significant challenge. The comfort target for 5 GCSE A* - C including English and Maths for 2015 will be 47% with and aspirational target of 53%.
1	Education	NEETS The number of young people not in education, employment or training		0 (2013)	0	0	0	There have been 3 cases for 2014 1 on maternity, 1 resignation for other employment and 1 termination of contract.		+

Visitor predictions TBD once access provision is known.	2,106 stay over visitors April 2014-March 2015. An increase of 52 (2.5%) on financial year 2013/14.		1		As staffing levels within the Immigration department return to normal the backlog of data arrears is being addressed. Although timeliness of data is still in need of improvement the efforts to ensure delivery and quality assurance of data updates should be noted. In 2014/15 there has been a 2.5% increase in the number of stay over visitors. The origin of the target figures is unknown and so comment will not be given against these.

This target was always going to be challenging given that alongside the reduction target was a target to increase the reporting of sexual offences and incidents and crimes involving Domestic Abuse. The reporting of offences and incidents involving domestic abuse has significantly increased in line with the performance target. This is an important indicator of the confidence the public have in policing and the investigation of such crimes.

Clients have relocated from Sundale to Ebony View Works continue with external works at the Government Landlord housing, with 2 contracts in place for the external works which will be completed in 2015-16. Works at HTH CDA has been put on hold due to discrepancies from historic data to actual layouts. Realignment works are necesary before and further works can be carried out. Designs are still being finalised for the new fire station and Prison. The remaining materials for solar farm has arrived and works are due for completion in May. Works continue on the electrical wiring of the primary schools, with completion set for early 2015-16.	amber
SY		Capital Programme	Hospital	A contract between SHG and Basil Read has been signed. Construction works will commence in April. An advance payment has been made.	Amber
DAPM AREAS		Capital Programme	Prison & CBU	Ebony View is now complete and clients have moved in. Works continues on the Safeguarding Office and it is hope this will be complete early 2015-16. Design specifications for Barnview, has had to be revised as a result of increase bedroom requirements, requested by the client. Borehole analsyis is still needed for the upper level of the site where there appears to be a degree of water settlement. HM Prison has been granted planning permission. As a result of increased convictions, it is projected that the prison needs to accomodate additional requirements. The design team, of ENRD are still reviewing the detailed designs to increase the capacity. Tender documentation is being prepared. The order for sanitary materials has been placed as well as those for additional locks.	amber
		Capital Programme	Management	Monthly monitoring is working well to provide reports to PDG and Chairpersons Assembly. Informal discussions are being held with Elected members on ensuring PMU maintains flexibility in the programme to move around funding as well as ensuring the monitoring sheet provides members with well informed updates. 3-Year Business Case for capital funding of £16.5million has been approved by DfID Minister. The reprofiling exercise for 2014-15 has been completed along with initial work on the 2015-16 programme which has been endorsed by the PDG. Executive Council agreed the contractual committment for 2015-16 as well as approval to request additional £1.5m to be brought forward from 2016-17 to 2015-16. Further discussions are being held with Exco on the remainder of the 15-16 programme. The PDG has been streamlined to include key stakeholders only. PMU has transferred to Corporate Finance.	green
	6	Governance & Structure	Governance	Performance Management: Information for the majority of areas in the Monthly Performance Report is posted within the agreed timeframe; however obtaning timely updates for a few areas still remains slow;	amber

A final concept design report from VSP should be received during the second week of April. Following which forment will discuss the various options with key stakeholders (EMD, Planning) on island. Once an agreement has been reached on the preferred option to consider for implementation, some further exploration work might be required to validate the planned discharge into the ocean. The preliminaries might take approx. 3 months thus having a complete design finalized by end of June 2015. Ruperts: Workey Parsons performance programme indicated the conceptual design portions will be ready for consideration by 10th April 2015. Again further on-stand consultation will direct the process in determining the best solution (partly dependent on sitting of treatment plant) to implement.
