## Personal Reflections from staff

### Airport Operations Team

“Whilst it was disappointing that we were unable to commence a scheduled air service to the Island in 2016, the team has remained positive and professional, taking pride in running and maintaining the complex airport infrastructure. We had planned for 52 flight operations in 2016/17 from a scheduled commercial service but this service will only commence later on in 2017. Instead in 2016/17 we supported 38 flight operations from a variety of sources.

The Airport Team welcomes the world to the Island, creating a safe, efficient and unique experience to all travellers. Maintaining the standards required for consecutive airport certifications has been a key aspect of their focus, ensuring an effective aviation working environment, and providing overall operational readiness of the airport”.

Bombardier Challenger 300

### Penspen

“Penspen, as Fuel Management Contractor, ably supported by Solomon’s, has provided a total of 147,579 Litres of Jet A-1 to aircraft that have landed at the St Helena Airport in the first year of operations. This was used to refuel 47 flights. We look forward to continuation of this refuelling service in the years to come.”

Airport Fuel Facility

### Solomon & Co

“To date 86% of Solomon’s fuelling staff has been involved with thirty-seven refuels of aircraft, including Dassault Falcons, Hawker 700, Embraer E190, Avro RJ 85, Lockheed C-130 Hercules and Gulfstreams.

These are different and varied operations, and for most staff, these experiences would have been new to them. However amongst the team, knowledge has been gained through an exposure visit to the UK and refuelling on Ascension Island.”

## Types of Aircraft

BAe 146 Avro RJ85

BAe 146 Avro RJ100

Beechcraft King Air 200

Bombardier Challenger 300

Dassault Falcon 20-F5

Dassault Falcon 50EX

Dassault Falcon 7X

Dassault Falcon 8X

Gulfstream V

Embraer E190

Hawker 4000

Hawker 800 XP

Lockheed C-130 Hercules

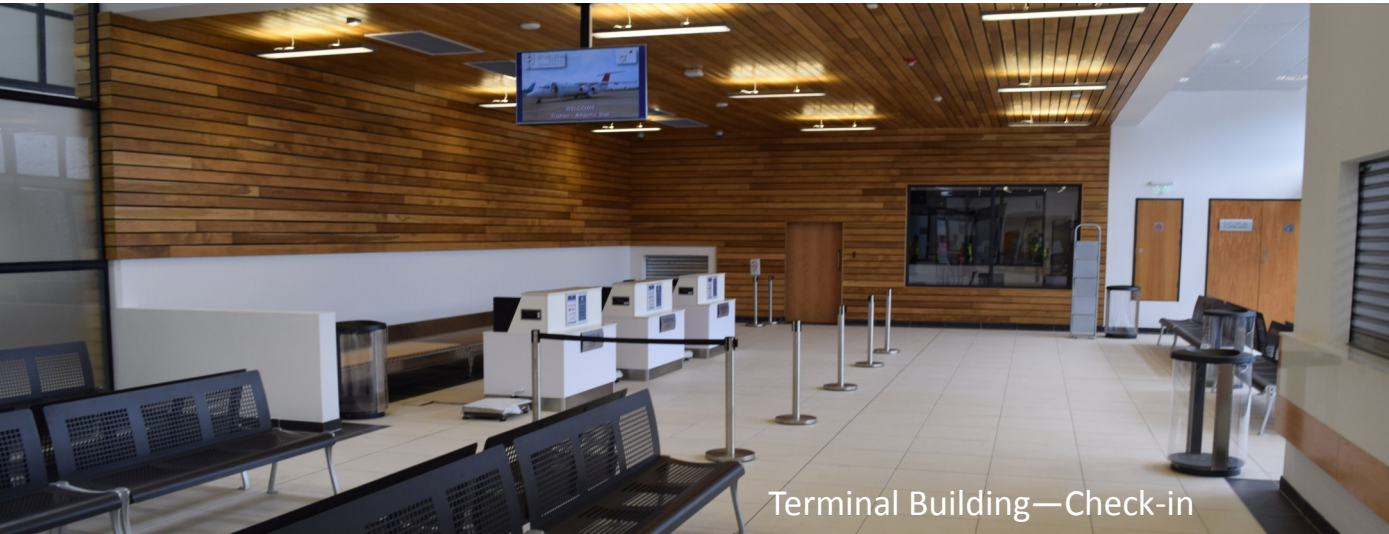

**Statistics**  
**Facts & Figures**

Number of passengers inbound

370

Number of passengers outbound

323
