

LANDSCAPE CHARACTER AREA 11

Photo 11.1: Great Stone Top creates a striking feature within the dramatic coastal landscape

Photo 11.2: Little Stone Top in the foreground with Great Stone Top beyond

Photo 11.3: Lichen encrusted stone cairn

Photo 11.4: Lichen covered rock is extensive particularly at higher elevations

Photo 11.5: Sheer cliffs plunge to the sea

Photo 11.6: Little Stone Top rises dramatically from the surrounding eroded slopes

Photo 11.7: Little and Great Stone Tops form the southern sides of the gorge of Sharks valley

LANDSCAPE CHARACTER AREA 12

Photo 12.1: Residential properties scattered along the ridge line at Level Wood

Photo 12.2: Scrub woodland gives way to extensive forest planting on the steep sided slopes with properties clustered on the ridge lines or upper slopes

Photo 12.3: Residential properties spread across the upper slopes interspersed with scrub planting

Photo 12.4: A new road creates a linear scar in the landscape

Photo 12.5: Roads are typically lined by high flax covered banks and Eucalyptus dominated forest

Photo 12.6: Extensive forest planting covers the steep sided slopes which rise to the high peaks in the centre of the island
