EXPLANATORY NOTE

(This note is not part of the Regulations)

The Immigration (Prohibited and Controlled Entry) Regulations, 2020, were introduced to put measures in place by which the importation of Coronavirus into St Helena could be managed. The Regulations restrict entry of travellers into St Helena and thus allowed only persons who are not subject to immigration control and persons in the service of the Crown to enter. These restrictions are being lifted and the Regulations are therefore amended to remove the restriction but enables the immigration officer to refuse a person entry and withdraw the entry permit of any person who fails to comply with the Public Health (Prevention of Formidable Diseases)(Coronavirus) Regulations, 2020.
