## Application for a Special Warrant under Head and Sub-heads

Shown overleaf

The Health & Social Care Portfolio is in urgent need to appoint a suitably qualified and experienced organisation to provide a virtual clinical assessment of patients who have been treated through a specific clinical service. The assessment is necessary to provide vital information to SHG on the management of specific clinical cases. This assessment is time critical and the information derived from this work will determine SHG's approach to the management of these specific cases.

There is no current provision within existing budgets to cover this expenditure as it was not anticipated that this work was needed at the beginning of the financial year when the current budget was agreed. This expenditure is therefore considered to be urgent and unforeseen.
