

JONATHAN'S 190TH BIRTHDAY

TO BE OFFICIALLY CELEBRATED

2 - 4 DECEMBER 2022

Help St Helena's national treasure celebrate his birthday!

Throughout the weekend, photos and posters will be on display at the Tortoise Viewing Corridor at Plantation House, celebrating our two-time Guinness World Record holder - the world's oldest living land animal and the oldest chelonian to have ever lived.

Plus pick up an exclusive certificate, signed by the Governor, to commemorate your attendance at Jonathan's 190th.

A number of pre-recorded and live international broadcasts are also being planned, giving visitors a chance to be featured in, or to watch, the live broadcasts in action.

Main event: Sunday, 4 December at the Plantation Christmas Market

Visit the Jonathan stall at the Plantation Christmas Market to collect your official certificate, purchase Jonathan stamps, enter a novelty competition, view the winning Jonathan Art Competition entries, see a locally produced animated video of Jonathan's life, and much more!

As it's taking place during Jonathan's official birthday weekend, this year's Christmas Market is also a great opportunity for the local private sector to sell Jonathan-themed souvenirs and food.

Come and be a part of this amazing and historic milestone!

Visitors are reminded that entry into the paddock is not allowed, unless undertaking a pre-scheduled, accompanied tour.
