Life Sentence by A.K. Turner

Families can be murder.

Mortuary technician Cassie Raven was raised as an orphan, which might explain her affinity with the dead. But she's just made a devastating discovery: her father is alive, but served jail time for killing her mother.

He swears he didn't do it - and Cassie wants to believe him. Desperate to find the truth, she seeks help from Phyllida Flyte, the uptight Camden detective who intrigues Cassie as much as she infuriates her.

As the two women close in on the truth they will encounter true evil, and someone prepared to kill again.
